

LODGEMENT INFORMATION

In person: Department for Transport, Energy and Infrastructure, Kateena Street, Regency Park SA 5010
By post: Vehicle Standards, DTEI, PO Box 1, Walkerville SA 5081
Telephone: 1300 882 248 / Facsimile (08) 8348 9533

APPLICATION TO BUILD A CAMS DEDICATED RALLY CAR

1. ABOUT YOU

Given Names:

Surname:

Postal Address:
(Street Number and Name)

Suburb

State:

Post Code:

Driver Licence No:

Contact Telephone Number:

()

2. ABOUT THE VEHICLE

Make:

Model/Series:

Type:
(i.e. sedan, utility, etc)

Registration Number:

Month/Year of Manufacture:

 /

State:

Chassis/ VIN No.

Engine Number:

Surrogate Number:

CAMS Logbook Number:

Vehicle Category:

3. AUSTRALIAN DESIGN RULE COMPLIANCE

- 1. Is the vehicle fitted with an Australian Design Rule Compliance Plate?
- 2. Was the vehicle originally manufactured to meet Australian Design Rules?
- 3. Was the vehicle imported?
- 4. Was the vehicle imported from overseas for competition purposes only?

Yes

No

If imported quote Approval Number issued by the Department of Infrastructure, Transport, Regional Development and Local Government.

NOTE: A copy of the import clearance letter issued by the Federal Office of Road Safety must be attached to this application.

4. VEHICLE/ CHASSIS BODY

- 1. Are body joints to be welded?
- 2. Are there alterations to the body?

Yes

No

If the body is to be modified provide details including sketches on a separate sheet.

5. ROLL BARS

- | | Yes | No |
|--|--------------------------|--------------------------|
| 1. Is a roll bar or roll cage to be fitted? | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. Is the roll bar or roll cage to be constructed and mounted in accordance with the <i>CAMS Dedicated Rally Car Manual</i> or <i>FIA Manual</i> ? | <input type="checkbox"/> | <input type="checkbox"/> |
| <i>If "No" an Engineering Report prepared by a Chartered Professional Engineer is required.</i> | | |
| 3. If a roll bar/cage will be fitted, have the rear seats and seatbelts been removed? | <input type="checkbox"/> | <input type="checkbox"/> |
| NOTE: Group N vehicles may retain rear seats and seatbelts. | | |
| 4. Is the roll bar to be padded? | <input type="checkbox"/> | <input type="checkbox"/> |

6. SEATS

- | | Yes | No |
|--|--------------------------|--------------------------|
| 1. Are non original seats fitted? | <input type="checkbox"/> | <input type="checkbox"/> |
| <i>If "Yes" provide details including make and type of seats and method of mounting if original seat anchorage points are not used.</i> | | |
| | | |
| 2. Are the rear seat and seat belts removed? | <input type="checkbox"/> | <input type="checkbox"/> |

7. SEAT BELT ANCHORAGES

Specify in the following table the anchorage method for all anchorages.

	UPPER ANCHORAGES	LOWER ANCHORAGES
Front seat belts		

NOTE: Provide drawings and/or photographs of any seatbelt anchorages which will not be visible at the time of inspection.

8. SEAT BELTS

Specify in the following table the type of seatbelts for each seating position, i.e. lap, lap/sash or harness, static or emergency locking retractor.

	DRIVER POSITION	NAVIGATOR POSITION
Type of Seatbelts i.e. 4 point harness		
Make and model of seatbelts fitted		
Belt standards markings		

9. STEERING

- | | | |
|--|--------------------------|--------------------------|
| | Yes | No |
| 1. Are any components newly fabricated? | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. Are any components modified? | <input type="checkbox"/> | <input type="checkbox"/> |
| <i>If "Yes" to either, provide a separate engineering report on all aspects of materials used and design criteria.</i> | | |
| 3. Is the original steering wheel equipment fitted? | <input type="checkbox"/> | <input type="checkbox"/> |

If "No" provide details of the make and model and standard to which the wheel is manufactured.

10. AXLES, SUSPENSION & CROSS MEMBERS

Rear Axle/Suspension Assembly

- | | | |
|--|--------------------------|--------------------------|
| | Yes | No |
| 4. Is the rear axle or rear suspension modified? | <input type="checkbox"/> | <input type="checkbox"/> |

Provide details including sketches on a separate sheet of any modifications.

Front Axles, Cross Member/Suspension Assembly

- | | | |
|--|--------------------------|--------------------------|
| | Yes | No |
| 1. Are the front axles, front cross member or front suspension modified? | <input type="checkbox"/> | <input type="checkbox"/> |

Provide details including sketches on a separate sheet of any modifications.

11. WHEELS, WHEEL TRACK & TYRES

Wheels:

If the wheels are *not* original equipment fitted by the vehicle manufacturer the following table must be completed and the wheels must be marked with width, diameter, offset, standard to which wheels are manufactured (i.e. WIA) and Manufacturer's name or trademark.

	Make	Width	Diameter	Offset	Identification	Safety Rim Y/N
Front						
Rear						

Wheel Track

Standard wheel track: Front: mm Rear: mm

Proposed wheel track: Front: mm Rear: mm

If the wheel track has been increased beyond the standard wheel track is it due to:

- | | | |
|--|--------------------------|--------------------------|
| | Yes | No |
| - increased negative offset of wheels | <input type="checkbox"/> | <input type="checkbox"/> |
| - relocation of suspension pivot points. | <input type="checkbox"/> | <input type="checkbox"/> |

NOTE: Wheel track is measured from the centre of a tyre on one side of the vehicle to the centre of the tyre on the opposite side of the vehicle. The variation between the front and rear wheel track should not exceed 50 millimetres.

WHEELS, WHEEL TRACK & TYRES (CONTINUED)

Tyres:	Make	Size Designation	Load Capacity	Speed Rating
Front				
Rear				

12. BRAKES

	Yes	No
1. Is a hydraulic handbrake fitted?	<input type="checkbox"/>	<input type="checkbox"/>
2. Is a "Fly Off" hand brake lever fitted?	<input type="checkbox"/>	<input type="checkbox"/>
3. Are non-original hydraulic brake lines or hoses fitted?	<input type="checkbox"/>	<input type="checkbox"/>
4. Are non-original brake components fitted (excluding brake linings or pads)?	<input type="checkbox"/>	<input type="checkbox"/>

If non-original components are fitted complete the following tables.

FRONT DISC BRAKES

REAR DISC BRAKES

Make/model of disc		
Vented or solid disc		
Diameter and thickness of disc (mm)	/	/
Make/model of disc calliper		
Method of mounting disc calliper	<i>Provide sketch on separate sheet.</i>	

REAR DRUM BRAKES

Make/model of drum	
Width of brake shoe	
Diameter of drum (mm)	

BRAKE MASTER CYLINDER – HYDRAULIC SYSTEM & BOOSTER

Make/model/type of master cylinder	
Bore diameter (mm)	
Brake proportioning valve fitted	
Booster mounted directly to master cylinder	
Make and markings of non-original brake lines	
Make and markings of non-original brake hoses	

13. ENGINE

	Yes	No
1. Is the engine modified?	<input type="checkbox"/>	<input type="checkbox"/>
<i>If the engine is modified complete the following table as appropriate.</i>		
2. Is a non-original engine or are non original engine components fitted?	<input type="checkbox"/>	<input type="checkbox"/>
<i>If the engine is modified complete the following table as appropriate.</i>		
Make/model:	<input type="text"/>	
Engine year of build:	<input type="text"/>	
Cubic capacity:	<input type="text"/>	
Type of fuel (petrol, LPG, etc):	<input type="text"/>	
Make/model/type of carburettor or EFI system:	<input type="text"/>	
Is vehicle fitted with a catalytic converter:	<input type="text"/>	
Make/type of camshaft:	<input type="text"/>	
Make/model of inlet manifold:	<input type="text"/>	
List any other modifications:	<input type="text"/>	
Manufacturer's rated power output (kW):	<input type="text"/>	Estimated power output (kW): <input type="text"/>
Manufacturer's rated torque output (Nm):	<input type="text"/>	Estimated torque output (Nm): <input type="text"/>

14. EMISSIONS

	Yes	No
1. Is an evaporative emission control system fitted?	<input type="checkbox"/>	<input type="checkbox"/>
2. Is a positive crankcase gas recirculation system fitted?	<input type="checkbox"/>	<input type="checkbox"/>

14. MISCELLANEOUS

	Yes	No
1. Are additional headlamps fitted?	<input type="checkbox"/>	<input type="checkbox"/>
<i>If "Yes" state number and define position.</i>		
<input type="text"/>		
2. Are additional instruments fitted in the dash panel?	<input type="checkbox"/>	<input type="checkbox"/>
<i>If "Yes" give details.</i>		
<input type="text"/>		
3. Does the vehicle comply with all the requirements of the CAMS Dedicated Rally Car Manual?	<input type="checkbox"/>	<input type="checkbox"/>
CAMS Competition Licence Number:	<input type="text"/>	

15. SIGNATURE

Signature:	<input type="text"/>	Date:	<input type="text"/>
------------	----------------------	-------	----------------------
